

WIDE-VIEW LCD COLOR MONITOR

Includes 1-Color Camera (Rear)
& 2-Night Vision Color Side

3-CAMERA SYSTEM WITH 2 SIDE CAMERAS & AUTO SWITCHING

Systems includes 1 high
quality **COLOR** to automatic
B&W infrared wide-angle rear
camera with microphone, and 2
infrared **COLOR** side cameras.

System is a top-quality Flat Panel, cabled system, which includes 1 standard 65 ft. (20m.) cable and 2, 5-meter cables for side cameras. This system comes standard with a single high quality **COLOR** to automatic infrared, audio, wide-angle rear camera. 2 side cameras color cameras with night vision. All switching is done within the monitor and activated by connecting into directional wires. This system has professional driving features unmatched in the vehicle observation industry: vertical screen flip for precise backing, horizontal screen flip, 5 highly adjustable screen views (adjustable in increments of 1, similar to high-line televisions), onscreen calendar, and sleep timer. System even has an easy to use IR remote to operate all monitor features.

**NEW! ZONE DEFENSE CAMERA 313S
COLOR, INFRARED SIDE CAMERA.
1 CAMERA HANDLES BOTH RIGHT &
LEFT SIDE, ADJUSTABLE ANGLE.**
